

Inspiring Visionary Boards Worldwide

Women Corporate Directors (WCD) Korea is the 74th global chapter of WCD. We aim to contribute to the development of corporations and society by expanding women's participation in corporate management.

President's Message

I am Tammy Chung, the 5th President of Women Corporate Directors (WCD) Korea. Our chapter was established in 2016 by approximately 40 female registered and outside directors as the 74th chapter of the global WCD network. Since then, we have led the successful amendment of the Capital Markets Act regarding DEI (Diversity, Equity, and Inclusion) in 2022. Today, our membership has grown to over 180 leaders.

Thanks to the dedication of our past presidents and members, WCD Korea has significantly increased its public recognition and organizational scale. As we approach our 10th anniversary in 2026, we will focus on nurturing next-generation leaders who contribute to the growth of companies, society, and the nation. We are committed to fostering internal growth among our members and creating sustainable synergies.

To achieve this, we will expand our Online Outside Director Academy to share our members' experiences and insights with the next generation. Furthermore, we will strengthen our educational seminars and ESG Research Groups to further enhance our members' professional expertise and capabilities. WCD Korea will continue to grow as the premier community for female business leaders who drive the future through meaningful change.

Thank you.

Tammy Chung

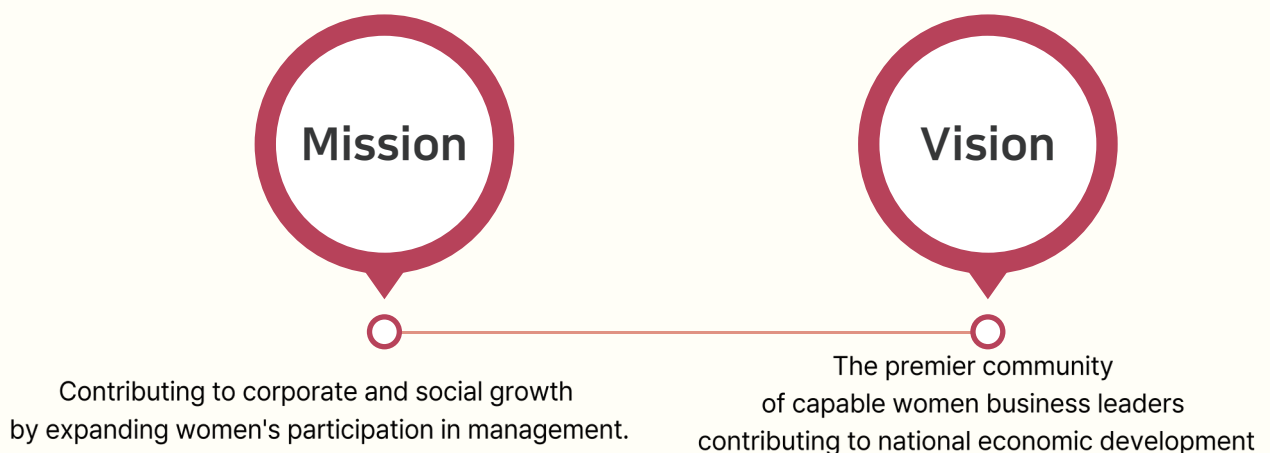

The 5th President of Women Corporate Directors (WCD) Korea.

Our Mission

21st-century corporate boards must possess expertise, independence, and diversity. WCD Korea strives to improve board diversity in Korean companies, which currently ranks among the lowest in both the OECD and the Asia-Pacific region.

To address this, we serve as the premier community for talented female business leaders, contributing to the growth of corporations, society, and the nation by expanding women's participation in corporate management.

WCD Korea Mission and Vision
